Additional Information

This package is designed exclusively for two (2) adults and is curated specifically for couples, with accommodations based on Studio room occupancy, unless otherwise stated. No room upgrades are available, and additional guests or children may not be added to the reservation. The primary guest must be 25 years or older, and the accompanying adult must be 18 years or older. No more than two (2) couples may travel together at the same time. Not all included accommodations are exclusively adults-only, and participating properties are subject to change. Booking is recommended a minimum of 60 days in advance, with earlier planning advised for peak or holiday travel periods, which may incur an additional fee if available. A valid passport is required for international travel, and ground transportation is not included unless otherwise stated. Any local, destination, resort, or transfer fees are the responsibility of the buyer. Guests may be asked to attend a presentation upon check-in; however, participation is entirely optional. All packages purchased at a fundraiser are non-refundable. In the rare event that unforeseen circumstances beyond our control — including, but not limited to, force majeure, property damage, or change of ownership — make any of the listed properties unavailable, Charity Booster is committed to providing a stay and experience of equal value and comparable quality at another participating resort within the package.
